

Diane Cluck, Beatless Wonder

can't keep the needle falling
now
can't keep the needle falling
doth another falling
can't both keep another way
can't boot it
away
now
can't keep the needle falling
doth another falling
can't doth another one
hang on another falling stay afloat
can't doth another little
pray for my native foreign
can't go the needle falling
say it's on fall
who's seen the needle law then
can't see the needle money
