

Diane Cluck, United, The Way You Were

you find out you're not
united
you find out you're not
the way you were
when you find out you're not
united
you find out you're not
the way you were
go down
suffer for your crimes
united
bring it back on home
the way you were oh
oh you're out of here
united
for cheating on your own kind
the way you were
go down
go down
go down
heaven in your eyes
united
heaven sweeps your mind
the way you were
heaven started out
united
heaven wants you back
the way you were
go down
go down
go down
you find out you're not
united
you find out you're not
the way you thought you were
when you find out you're not
united
bring it back on home
the way you were
go down
