

Dickey Lee, Smile As You Go By

If you can't love me till forever I'd never hold you and I won't cry
Leave me gently when it's over if you can't stop smile as you go by
I could love you like I found you with the sunshine in your eyes
I'd never wrap out the dreams around you if you can't stop smile as you go by
If it's forever let me feeling if it's not and still you're satisfied
Treat me gently when it's over if you can't stop smile as you go by
[guitar]
I could love you like I found you...
