

# Dickies, Killer Klowns (From Outer Space)

PT Barnum said it so long ago  
There's one born every minute, don't you know  
Some make us laugh, some make us cry  
These clowns only gonna make you die

Everybody's running when the circus comes into their towns  
Everyone is running from the likes of the killer klowns  
from outer space  
killer klowns from outer space  
jocko !

Ringmaster shouts let the show begin  
Send in the klowns, then let them do you in  
See a rubber nose on a painted face  
Bringing genocide to the human race

It's time to take a ride on the nightmare merry-go-round  
You'll be dead on arrival from the likes of the killer klowns  
from outer space

killer klowns from outer space

Theres cotton candy in their hands  
Says a polka-dotted man with a stalk of jacaranda  
They're all diabolical bozos

Oh look around what do you see  
tell me what's become of humanity  
from California shores to New York Times Square  
Barnum and Bailey everywhere

If you've ever wondered why the population's going down  
blame it on the plunder from the likes of the killer klowns  
from outer space
