

# Die Krupps, Germaniac

"No making friends, no human contact with the Germans who by the war crimes they have committed place themselves outside of the society of civilized nations"

Clockwork precision and heart made of steel  
Strategic kindness, mechanical feel  
Logical passion, preplanned joy  
Controlled madness, the world is just a toy

Computed emotions, artificial tears  
Dog-faced devotion, one thousand years  
Perfuse perfection, dishonest smile  
Malicious action, vicious and vile

Germaniac  
Mad at Germany  
Germaniac  
To rule the world

"We are Lutheran, from Essen Germany, the Ruhr valley,  
my father was long time a Krupp steelworker"

Dangerous visions from an insane mind  
Arrogant power to threaten mankind  
Flawless perfection, always correct  
Preparing in secret, a blitzkrieg attack
