

Die Krupps, Isolation

Isolation is like serving time
Except in this case I've done no crime
I choose to be alone to search my soul
To see if there is good in this heart with a hole
I had no control when I lived out there
My life became a nightmare
There is no love in isolation
All you have is your imagination
I live in a world created on my own
Contempt for the outside keeps me alone
Isolation is for me
The only way to be free
Isolation - is liberation
When desperation is what you feel
Isolation - is liberation
When desperation is what you feel
Isolate - myself
Free - myself
Isolate - myself
Be - myself
