

# Dierks Bentley, Always Be Me

(Dierks Bentley)

If lonesome was money I'd be set for life  
I'd be swimmin in riches instead of tears I've cried  
The blues would be worth a whole lot of green  
You'd never hear one complaint from me  
If lonesome was money I'd be set for life

If lonesome was a woman I'd never be alone  
I'd always have someone here to love me and to hold  
I'd leave misery's clutches and find love's embrace  
This frown you see a smile would replace  
If lonesome was a woman I'd never be alone

Chorus  
How I'd like to change lonesome  
To mean something happy and free  
But I know that won't ever happen you see  
Lonesome will always be me  
Lonesome will always be me

If lonesome was a liquor I could run a still  
Bottle up my tears and let the folks drink their fill  
It'd be happy hour all the time seven days a week  
And laughter's all you'd ever hear from me  
If lonesome was a liquor I could run a still

Repeat chorus x2
