

# Diesel Machine, State Of Panic

you thought you were in the clear  
and you almost got away  
but there's one more surprise  
there's one more card to play  
now the waiting is over  
your luck is changing fast  
I'll get my revenge  
it's time to face your past

it's a state of panic that I put you in

## STATE OF PANIC

I can't wait to be there  
to see the look in your eyes  
when the moment finally comes  
and you realize  
I fucked you good and you know it  
and you're going down  
I'll be there to watch it all  
who's laughing now?

it's a state of panic that I put you in

## STATE OF PANIC

sweating, breathing fast  
clutch your palpitating heart  
your face has turned to white  
as the shock tears you apart  
paralyzed with fear  
I don't have to put you out  
of your misery  
you'll kill yourself, no doubt
