Digimon, Going Digital

One, two, HEY!

I'm headin' off on a digital trip,
And that's what I plan to do.
I'm goin' away to a digital plane,
And I ain't comin' back real soon.

The whole thing is electrical,
It's runnin' though my veins,
And everything's connectable,

HEY!
Digital
HEY!
Digital
World (echos)

One, two, three; HEY!
I'm going Digital,
Completly Digital,
Now I'm invincible,
Let's all get Digital,

I stand around at the Digital Land,
And no matter what I see.
Everything is comin' at me,
In a Digital Reality.

The whole thing's technological.
It's takin' me inside a World Wide Web collectable,

HEY!
Digital
HEY!
Digital
World (echos)

Ohhhhh!

It's my Digital!
I'm going Digital!
It's my Digital!
It's my Digital World!
World!
World!
World!

The whole thing's,
Interchangeable,
It's wired up to my mind,
Where anything is,
Capable

HEY!
Digital
HEY!
Digital
World (echos)

Ohhhhhh!
I'm going Digital,
Completly Digital,
Now I'm invincible,
Let's all get Digital!
