Seven young kids go to camp for the summer
Wind up livin' in the digital land
Where everybody gets to meet his own Digimonster
A digital companion a digital friend.
A Digimon in training will Digivolve to Rookie
And Digivolve to champion and ultimate too.
I'm gonna save the digital world for me
I'm gonna save the digital world for you.

Hey Digimon, hey Digimon
Monster friends to the boys and girls

The Digiworld is safe in the Digimon's hands
What the Rookie can't do the Champion can
When a Digimon fights then the Digimon wins
The Digimon is gonna find the strength within
A Digimon is always gonna be your friend
A Digimon is gonna be there until the end.
And everybody knows when things go wrong
That's when the Digimon gonna get strong
Hey Digimon, hey Digimon
