

Digital Allies, Without You

Without you...

Without you...

You're the one that I love
and I can't go on without you.

You're the one that I love
and I can't go on without you.

If I could relive my life

I know what I would change

All the times I made you cry

All my thoughts that caused you pain.

I know "I'm sorry" is not big enough
to tell you how wrong I've been

But I don't know where to start
to live my life without you...

You're the one that I love
and I can't go on without you.

You're the one that I love
and I can't go on without you.

Without you...

Without you...

As the days go passing by

My feelings stay the same

I have you always on my mind

I'm living constantly in pain

I know I really should be moving on

but the memories won't go away

I have you always in my heart

and when I close my eyes I find you.

You're the one that I love
and I can't go on without you.

You're the one that I love
and I can't go on without you.

You're the one that I love
and I can't go on without you.

You're the one that I love
and I can't go on (and I can't go on) without you.

Without you...

Without you...

You're the one that I love (love, love..)

You're the one that I love (love, love..)

You're the one that I love (love, love..)

You're the one that I love (love, love..)

And I can't go on (and I can't go on) without you.

Without you...

Without you...

You're the one that I love (love, love..)

You're the one that I love (love, love..)

You're the one that I love
and I can't go on without you.

You're the one that I love
and I can't go on without you.

You're the one that I love
and I can't go on without you.

You're the one that I love
and I can't go on without you.

Without you...

Without you...
