

Dilba, Diamonds And Motorcars

It`s a fact, you never get a girl like me
I`m not impressed, you pay me honey but I don`t drink
You think everybody needs a bit of your superfiction,
get off my back, you don`t seem to get it
you can try, but I don`t need no

Chorus:

Diamonds and motorcars
actors and superstars
you`re so hot, baby let`s get married
I`m just kidding!

Diamonds and motorcars
partying in phony bars
baby, why don`t you call up JLo?

I don`t think so

Nananana, nananana

You`re playing bored, and think you`re so convincing
you think you scored, because you got me laughing
but you`re funny in a different way, it`s stuff that I won`t say loud
I don`t mind having you amuse me, until I`m done
had enough of

chorus

Reckon your plan would work with me, like Ken and Barbie

Looking great but I can`t stand your perfect image

Nananana

or I should die

Nananana

just maybe

Diamonds..ahaha...oh no no, you don`t seem to get it - I don`t need you!

chorus

diamonds nanana, nononono, nanana, nonono

nanana I`m just kidding

nanana I`m don`t think so
