

# Dina Carroll, Naked Love

Naked love.....

I can't explain my problem  
It surrounds me all the time  
If you'd reassure me  
It would give me peace of mind  
You've got to let your feeling show  
'Cos I've really got to know  
Tell me what you feel inside for me

Just say you want me  
Just say you need me  
Just say you want me  
And I'll be there  
Just say you want me  
Just say you need me  
Just say you want me  
And I'll be there

So tell me what you're thinking  
Now I need to know the truth  
I'll give you time to answer  
But we've got no time to lose  
Now you know that in my mind  
I'm just messed up all the time  
And there's something that you've got to do

Just say you want me  
Just say you need me  
Just say you want me  
And I'll be there  
Just say you want me  
Just say you need me  
Just say you want me  
And I'll be there

Say you want me (Don't you do it to me).....

Now I'm waiting here for you  
I've got nothing left to do  
You're the only one that's right for me

Just say you want me  
Just say you need me  
Just say you want me  
And I'll be there  
Just say you want me  
Just say you need me  
Just say you want me  
And I'll be there
