

# Dinosaur Jr., Never Bought It

So, I figured something out  
Should I tell you what about?  
Let's just say I've done my time  
Any show  
Be a a tantrum that gets paid  
Another tale slips your mind  
So why  
Are You  
Me  
Now  
I've been reaching every day  
And now sudennly I see it  
Not just me swinging away  
Takes a lot just to relieve me  
So why  
Are You  
Me  
Now  
It's not convenient any time  
Just rip it from my mind  
Cause you can give me something fine  
You can follow up it's gone  
(You) Can't get upset about this song  
You can't give me something fine  
Give Me  
Give Me all  
Live it all  
Can't stand it anymore  
[ack. it's a 'get me' solo ;)]  
I've been reaching every day  
And now suddenly I see it  
It's not just me that throws it away  
Never really bought my deal  
Every wonder is a reel  
Yours aint the only way to feel  
So Why  
You  
Me  
Now
