Dio, Stand Up And Shout (Live)

It's the same old song You've gotta be somewhere at sometime They never let you fly

It's like broken glass You get cut before you see it So open up your eyes

You've got desire So let it out You've got the fire Stand up and shout-shout

You've got wings of steel But they never really move you You only seem to crawl

You've been nailed to the wheel But never really turning You know you've got to want it all

You've got desire So let it out You've got the fire Stand up and shout

You are the strongest chain And not just some reflection So never hide again

You are the driver You own the road You are the fire go on explode

You've got desire So let it out You've got the power Stand up and shout
