

# Dio, This Is Your Life

Who cares what came before  
We were only starlight  
One day, then nevermore  
Because we're whispers in the wind

Once upon a time  
The world was never blind  
Like we are

Right now it seems  
You're only dreams and shadows  
If wishes could be eagles how you'd fly

This is your life  
This is your time  
What if the flame won't last forever  
This is your here  
This is your now  
Let it be magical

Who cares what came before  
We're only starlight

Once upon the time  
All the world was blind  
Like we are

This is your life  
This is your time  
Look at your world  
This is your life
