Who Is Gonna Love Me

Dionne Warwick

Burt Bacharach & Hal David

#33 in 1968.

Who is gonna love me,? Not you,  
You will be gone.  
And here I'll stay, all alone and  
I'll just waste away,  
Wondering who is gonna hold me  
And keep me warm when I'm cold.  
Who will I wake up for  
Through all those lonely years?  
No one to wake up for but  
Sleep won't come to end these tears.

And who is gonna kiss me if you  
Walk out the door?  
There'll be no one new: not for me  
'Cause my whole life, is you.  
Darling, if you dont wanna love me  
There's just no use hanging on  
For without your love  
Everything is wrong.

Oh, but sleep won't come to end these tears.  
And who is gonna kiss me if you  
Walk out the door?  
There'll be no one new, not for me 'cause  
My whole life is you.  
Darling, if you don't wanna love me  
There's just no use in hangin' on  
For without your love  
Everything is wrong,  
For me.
