Fall down

When I was walking in the town,
one girl came into my vision and was staring at me.

I was talking to her before I noticed it.
"Let's go somewhere with me"
She was very pleased.

You were very pretty, but always played,
but by and by tears rolled down through my cheek.

Hatred flooded to you who are too pretty.
I put my hands on your neck and strangled.

I punched unconscious you again and again with these hands.

I seeded your flower field,
but red-wet buds never bloom.

I cut up my arm and bled.
I washed your blood with my blood, and tears trickled.

Then I put you into the refrigerator
and buried deeply in the ground.
I repeatedly told myself that it's your fault,
love is not necessary for me.

The fact that I can't escape from the crime that I can't atone invited me into the death,
and I died with white rope.
The reddened tragedy didn't change at all
and now the tragedy night raised the curtain again somewhere.
