That's right, I still can't find the meaning of my existence  
That's why I slice the meaning on my body more and more and more and more and more  
---Go ahead and just laugh, and just walk away---

The voices of backstabbers still sick to me  
Someday maybe, maybe, maybe, maybe, maybe the voice will be heard straight to my heart  
---Go ahead and just laugh, and break away---
