

# Dirty Pretty Things, Best Face

Shock after shock from the snake she bites  
Happy hour downtown ladies night  
With your townie boys who make your brethren fight  
Night after night after night after night, Go!  
Come on sweetheart, come on sweetheart, Oh!

It's an eye for any eye 'neath the hurricane sky  
How will you find me a lover in time  
With your muscle vest clad lads who nearly fight  
Close off you senses and turn out the lights  
Turn out the lights  
Oh-oh. La-la-la-la

She had the best face in the place  
She had the lip gloss and the grace  
There's really nothing in the script she said  
You can have what you want!

Oh, heed this sound advice  
No don't you tell me any lies  
Look into these eyes, they see right through  
Well, the skits the same but the face is new  
Oh-oh

All the crying tarts who step on broken hearts  
Is all you get  
The drinks go on and the beat's the resounding  
The drinks go on and the beat's still sounding  
Come on darling, come on darling, come on sweetheart!

You look pretty, pretty fit  
For a pedestrian pounding  
This nightclubs still shit,  
Bu be weary of the gypsy boys you're mounting  
Oh-oh. La-la-la-la

She had the best face in the place  
She had the lip gloss and the grace  
There's really nothing in the script she said  
You can have what you want!

Oh, heed this sound advice  
No don't you tell me any lies  
Look into these eyes, they see right through  
Well, the skits the same but the face is new  
Oh-oh

The best that's what you'll get before  
The walk of shame tomorrow  
And the beat goes on, the beat goes on  
Your monkey lot  
They tumble round  
You dance your f\*\*king swan song  
You dance your f\*\*king swan song  
You dance your f\*\*king swan song  
To a blundering oracle  
Oh-oh. La-la-la-la

So here's to your future  
And your awful wedded wife.

She had the best face in the place  
She had the lip gloss and the grace  
There's really nothing in the script she said

You can have what you want!

Oh, heed this sound advice  
No don't you tell me any lies  
Look into these eyes, they see right through  
Well, the skits the same but the face is new  
Oh-oh
