

District3, Let's Reload

Do you feel what's up?
We're coming down
It's 3am the night has only just begun
Come fill it up
Then drink it down
And lose it tonight
Let's put it right!

All the girls, hear me out
Put your hands in the air if you feel it
Bring it in
And turn around?
Can you feel it?

Bringing it back,
Bringing it back to life
Bringing it back,
Bringing it back to life
Bringing it back,
Bringing it back to life
Bringing it back?
Can you feel it?

Let's reload woah-oh
Bring me back to life now!
Let's explode woah-oh
And bring this f*cking house down!
Turn it up, let it drop
We gon' live it up
I feel it coming back to life!
Let's reload woah-oh
Bring me back to life now
Bring me back to life now

Can you feel it now
We're talking 'bout
Just keeping it going until we pass out
All the girls, hear me out
Put your hands in the air if you feel it
Bring it in
And turn around?
Can you feel it

Bringing it back,
Bringing it back to life
Bringing it back,
Bringing it back to life
Bringing it back,
Bringing it back to life
Bringing it back?
Can you feel it?

Can you feel it
Let's reload woah-oh
Bring me back to life now!
Let's explode woah-oh
And bring this fucking house down!
Turn it up, let it drop
