

Divine, Tell Me

Oooo baby tell me why you could look me in the eye
Swear on us that you're not seeing someone else
The way you hold me strange know your lips don't feel the same
You got an attitude, I know there's someone new

[Vamp]

Baby don't lie

You know I get all sensitive and hurt inside

Darling tell me now

If you want my loving got to show me what you're all about

[Chorus]

Tell me now what you want

Is it me or someone new

Tell me now what you gonna do

I can't take no more, 'cause I'm 'bout through

[Repeat Chorus]

You cannot hide the feeling you feel inside

'Cause you were the one who let me know true love is genuine

Why are you using me can't give up abusing me

If you don't want me don't pretend we're meant to be

[Repeat Vamp]

[Repeat Chorus]

Hand that tells me you're unsure

Lips that I can't kiss no more

Eyes that cut me up in side

Can't take no more, can't take no more

Tell me why I ache inside

Vision of you in my mind

Kissing, hugging, hurt so tight

Can't take no more, can't take no more

[Repeat Chorus]
