DJ Bobo, 1000 Miles

Chorus:

1000 miles away from you Im dreaming of us cause you make me feel blue 1000 miles away from you We cherish our love after all we`ve been through

Chorus B: Oh I love you - more then words can say Oh I need you - every hour of the day Oh I want you - guide me on my way Oh I miss you - more then I can say

Intro & amp; Midpart: The rain is pouring down the pane I miss you so My promise is here for good Here on my own, Im longing for being with you

Vers 1:

I remember every hour, every day How do you do, whats your name Was all that I could say I remember all the butterflies I felt I made you laugh, I made you smile And then my heart just melted away and Now I know

Bridge:

When I think of our past, I know our love will last I know our love will last

Vers 2: Time is running fast and now our love has grown Youre still the one, I so adore And this is what I know Now Im looking back at all those memories I see the day, when we have met Cause then my life has changed, you set me Set me free
