

# DJ Bobo, It's My Life

Refrain:

It's my life  
I stand it all alone  
Accept my way of living  
I live it on my own  
It's my life  
I try to be so free  
'cause freedom is the promise  
Of my destiny  
It's my life

Oho ohoho  
I'm never gonna give it up  
Oho ohoho  
I never ever lose my aim  
Oho ohoho  
I'm never gonna give it up  
Accept my way of living  
It's my life

1.  
I am dreaming in the sunshine  
I dream of all the people I talked to in my lifetime  
Different cultures, different nations  
Happy people, lucky people feeling my vibrations

They just told me all the reasons  
I have to find my own way, don't change it like the season  
It's my life, I live it on my own  
Welcome to dangerzone

2.  
Like my mother is holding my hand  
Whenever I'm alone, music is my best friend  
You're my passion, we're together  
Music is my life I wanna live with you forever

There's no limit, celebration  
Everybody come and dance, feel the fascination  
Like a Rolling Stone into the microphone  
I live it on my own
