

DJ Bobo, Music Is My Life

Refrain:

Music is my life, music is the key
Cause the rhythms gonna get me, music takes me higher
Music is my life, music is the key
Youre my first, youre my last, you are burning like a fire
Nanananananana, nanananana
Nanananananana, lets sing together

Rap 1:

Say go, say when, say now, say hit-it,
Ready to rumble dance here we go
So, going up and down round and round on and on
Jo - how to throw a pair of dice
Be hot, be cool, be cold as ice
This is the time you better dont think twice
Be nice, emergency
Go maad, go wild, go nasty, go free
Like a maniac, youre feeling wild with me
Ringdingdong ringadinga ding dong
In a seventies style, its a BoBo song
Time for the old school, play that track
Mister deejay - bring the beat back, bring it back
Place is packed, so many different people
All ages and races, sweet faces
Come from different places
Get on the floor you better dance tonight, music is my life

Rap 2:

Five, four, three, two, one here we go,
Get dressed get going its time for the show
Now tonight is the night were dancing you know
How - how to dive in the sea of sounds
Right place, right time, right moment, right spot
Everybody in the place feel hot and dance
Wiggle around you better take this chance
Feel free, feel wild, feel crazy, feel young
Like kids are playing, have some fun
Everyday like a playball, everybody party all
Day no work, Ill play, okay, hooray, summer holiday
Dance to the beat of the street
Where the heat is on, till the break of dawn
We gonna moove on strong - sing this song
Everybody in the place enjoy the party, music is my life

Mid-Part:

When Im lonely
Music Guides me through the night
Im feeling fine
When Im happy
Music is inside of me
It takes me higher
