

# DJ Bobo, Open Your Heart

Refrain:

Dont let the sun go down on me  
Open your heart  
Just let me be your destiny  
Open your heart  
What I never felt before  
I really need you more and more  
Dont let the sun go down on me  
Open your heart  
Open your heart

Ref Fill:

Open your heart  
Open your heart

Ref B:

Open your heart  
Open your heart

Verse 1:

Even when youre far away  
Youre on my mind, every night and day  
Dont let me live without a goal  
Deep inside you are my soul

Ive been fooled by love so many times  
Ive been blind, Ive seen no signs  
Youre the one for me, well never part  
Stay with me and open your heart

Verse 2:

I cant express whats goin on  
I feel so lonely when youre gone  
Is it real or is it fake  
Am I dreaming, am I awake

Youre the one I have been waiting for  
I cant hold it back no more  
Youre the one for me, well never part  
Stay with me and open your heart

Rap 1:

I need you, dont let the sun, go down on me  
Count on me, let me be your destiny,  
See you got the key, to my Heart  
Well never part, from the start till the end of time,  
You re always mine, take a glass of wine  
And let the sun shine, find out,  
What is right or wrong,  
Whats going on, I feel lonely when youre gone

Rap 2:

Youre style is Magic - you hypnotice me  
You came into my life, set me free  
Light and energy, all around the galaxy  
You made it brighter so that I could see  
Like a melody in extasy,  
See our love will last, eternally  
Seems that your life is the golden key  
Dont let the sun go down on me
