

DJ Bobo, Tell Me Why

Chorus:

Tell me why, tell me why oh tell me why
I am hurt so deep inside don't make me cry
Tell me why, tell me why oh tell me why
Live in love with you was just a lie

Verse 1:

Another night why do I believe
Life could be like before
You ran away said I have to leave
And then you walked out that door

Pre-Chorus:

Time will heal, I'm alive
Broken wings need to fly let me try
Time will heal, I will rise
And then I close my eyes

Chorus:...

Verse 2:

Another day I'm feeling alone
I don't know what to do
I can't believe our love has gone
You don't know what I've been through

Pre-Chorus:...

Chorus:...

Mid-Part:

Tell me why, tell me why
The day we met I've learned to fly
Tell me why, tell me why
To live with you was just a lie

Rap:

I'm lonely, hope you feel the same pain too
You walked out that door, the next rendezvous
For you, I was the name of the game
Insane, I feel like the man in the rain,
The one to blame, the one without a name
Standing on the end of the road so ashamed
And naked, there's no way to your heart
I guess that's it, we're apart
