

# DJ Felli Fel, Have Some Fun (Pitbull, Juicy J & C

All I wanna do is have some fun  
In the night, let it all in  
I wanna party till the morning sun  
In the night, let it all in  
You lookin' way more sexy than you are are  
Better, oh, baby, give me a sign  
(Go wild! )  
If you wanna be forever young  
(Be young! )  
Let me know, not the only one

Critics would write that I wouldn't make it  
Now they write about what I make  
Acting like the game, I couldn't take it  
Now the whole world for the taker  
Everyday my birthday  
Everyday I get cake, now mommy, lemme see you in yo birthday suit  
And lets, lets, lets play

It's Chico here, he got it x2  
No question, dawg, don't doubt it  
Now get loose, get radical  
Dope with them loose, don't see 'em  
Your playas meet? I don't cheat 'em  
Well, I'm taking ova these companies,  
I got steel bands and twelve dealers

My music is hot, defending the block  
Put the hand on the court, defend the (?)  
Then play with the pot, handle the rum  
Bag them up, then hit it with mine  
Also, I'm drillin' it, overseas, I'm killin' it  
I jsut came to have some fun, so see you, Lo  
Keep singin' it!

All I wanna do is have some fun  
In the night, let it all in  
I wanna party till the morning sun  
In the night, let it all in  
You lookin' way more sexy than you are are  
Better, oh, baby, give me a sign  
(Go wild! )  
If you wanna be forever young  
(Be young! )  
Let me know, not the only one

Lets get trippin' at the private party  
Black girl twerk like Miley Cyrus  
Lets see how many model chicks  
Can fit inside my Ferrari  
You a bad girl? Trim it how you knot  
The kill don't hurt nobody  
I'm rollin' up that loud pack  
My groove fatter than a hot tomalle  
We sippin' lean, poppin' bottles  
I take more shots than the paparazzi  
These gaters don't need no problems  
I got more goons than John Gotti  
Maybe, lately, it's going down like greatly  
Stick yo good to my whole team,  
Then leave it up like mayweather  
In the V.I.P., I pop 100D  
That's Juicy J and this pappy  
You might have to go and find a party

We owning all of these parties  
Like a (?), I want more (?)  
Get more blink than a gold chain  
These college girls got no shame  
Party hard all cold night

All I wanna do is have some fun  
In the night, let it all in  
I wanna party till the morning sun  
In the night, let it all in  
You lookin' way more sexy than you are are  
Better, oh, baby, give me a sign
