

DJ Jazzy Jeff, Da Rebirth

(feat. Cy Young)

[Cy Young]

A one two, a one two

A one two, a one two

I'd like to introduce myself..

Many people think this style is terrific

It is kinda different, but lets be specific

Let's pay respects, dig it

Peace to KRS-ONE & Scott La Rock for the way that they did it

Peace to N.Y., not forgettin'

Rakim and Kane the list is too long to mention, all of yall

But since we here, put your hands up and enjoy yourselves

Cuz we just feelin it on the mic

And I'ma live hiphop for the rest of my life

And I'ma represent for the rest of my life

This is the life back when limits was ice

And niggas would bust, bust with the lyrics on mics

And you could start a house party just by killin the lights

DJ's was the life of the party

Back when everybody's favorite song was la di da di

That was love, perfect climax in the club

Then they pump LL cuz they needed the love

Pumas and Nikes, fat laces and shell toes

MC Lyte's voice alone used to steal the show

Everybody used to build and flow

We took turns with the beat box and watched the cypher grow

Words was dope and fly clothes was fresh

Plus everybody paid respect to Jazzy Jeff

That was dope

NOT ecstasy

NOT coke

NOT killin' young kids for coats

NOT teachin' young girls how to sell their souls

NOT runnin' in homes or car jackers

NOT leavin' your own

I wanna go back to flows

Back to beats, breakers and shows

Back to sweats and (?)

Start re-buildin', let me know if you feel it

And I know all yall gon' feel it

And I know it hurts, but I swear you got to hear it

It's been a long time so you probably fear it

Any misconceptions killed it

Anytime my mics turned on and I'm anywhere near it

Ohhhh

Yes yes yall, you don't stop

Right about now we got DJ Jazzy Jeff on the wheels of steeeel
