

DJ Layla feat. Alissa, Single Lady

Give me your heart, give me your soul
Give me your heart... x2
Give me your heart, give me your soul
Give me your heart... x2
I am a single lady
I'm waiting for your love
And I don't need your diamonds
I wanna have your heart... x2
Give me your heart, give me your soul
Give me your heart... x2
One night (one night), and you will see
I am the one you've been waiting for
I will not rest, I'll make you rise
Like a beautiful sun, next to me
Give me your heart, give me your soul
Give me your heart... x2
I am a single lady
I'm waiting for your love
And I don't need your diamonds
I wanna have your heart
Give me your heart, give me your soul
