

DJane HouseKat, My Party (feat. Rameez)

Party people, wanna see your hands up
Dj HouseKat and the place to be
If you wanna know me, Rameez
We can find it out, you can see what we're all about
Make the move and turn it out
Now, now squeeze

I'll be coming in like
Hear that boom, hear that pow
See your girl's in the room
Looking at me, she's like wow
Throw my shit down low, call me Stevie Wonder
I'ma hit the dance floor so let's, let's all turn
Electronic, supersonic... boom boom pow
Move you body happy feet, I'll be chancing out my sleep

Party people!
My body, your body, everybody join the party /4x
Shake that thing, shake that body
Shake that thing, shake that body
My body, your body, everybody join the party
My body, your body, everybody join the party
Shake that thing, shake that body
Shake that thing, shake that body for me
My body, your body, everybody join the party
My body, your body, everybody join the party

My body, your body, everybody join the party
My body, your body, everybody join the party

I'll be drinking, I'll be drinking, I'll be smurfing till the sound
I just wanna hear you scream, we gonna tear this club down
... in my cup, ... rocking up...let's all
I want this girl on, I want this girl on me
Straight to the after party, maybe 1,2, or 3

My body, your body, everybody join the party /3x
Shake that thing, shake that body
Shake that thing, shake that body
My body, your body, everybody join the party
My body, your body, everybody join the party
Shake that thing, shake that body
Shake that thing, shake that body for me
My body, your body, everybody join the party /4x
