[Man]

When the dog is on the stage!

[DMX]

C'mon baby!

Y'all niggas gots to make mo motherfuckin noise to that!

C'mon! What? C'mon! C'mon! C'mon!

What? C'mon!

[Man]

Now bounce! Bounce! Now bounce! Now bounce! Bounce! Bounce! Bounce! Bounce!

[DMX]

Grrr... Grrr... Grrr...

What? What? What?

One two one two, come through run through

Gun who, oh you don't know what the

(Man: Gun do!)

Some do, those that know are real quiet

Let me think you wanna try it, fuck around and

(Man: Start a riot!)

Niggas gonna buy it, regardless because I'm the hardest rap artist and I'ma start this

Shit up foreal, get up and feel, my words

I make herbs split up

(Man: And squeal)

Ill is all I've been hearin lately

Niggaz hate me, wanna duck tape me and make me put their brains on the wall, when I brawl

Too late

(Man: For that 911 call)

Niggaz stay beefin but a lot of them bluffin

But not me because I'ma nigga that can get out of them cuffs

You think a lot of them tough

Not just for frothin

When I hit them niggaz like

(Man: 'What you want?')

the battle turns into a hunt

With the dog right behind niggaz chasin em down

We all knew that you was pussy

but I'm

(Man: Tastin it now)

And never give a dog blood

because raw blood

I have a dog like one bitin whatever

(Man: What?)

All up in ya gut

Give it to them raw like that

and ain't no love I do em all like that

Four right up in they back

Clak Clak

Close your eyes baby, it's over

Forget it, happened in front off your buildin but nobody knows who did it
