

DMX, Right/Wrong

THIS...IS...MY...LIFE

(Chorus)

(Right and wrong)

Whatever which way they go (right and wrong)

Whatever which way they go (right and wrong)

Whatever which way they go (right and wrong)

Whatever which way they go (right and wrong)

(Verse 1)

Made me a leader before I was ready to lead

Took away my hunger, but didn't give me greed

Made me successful, when I just wanted to be heard

Give me the light, cause all I need is the word

Give me a life, that I'm responsible for

I'll give him what's right, cause I'm responsible for him

And into the night, I'm gonna be there with him

Facing a fight, I be right there with him

Ready for Heaven, cause I done been through the Hell

And since I was seven, I've had a story to tell

See God is great, and that's why I'm still livin'

He gave to me, so I'ma keep on givin'

The bravery of a man's mind is slavery

Is makin me the man I was made to be

I hate to see when cats know but don't spit it

Right is wrong, when it's on you gon get it

(Chorus)

(Verse 2)

I wake up frustrated dog, I'm hurtin' inside

Think about the brothers that put in, work and then died

A certain have tried, a certain have cried

When it didn't go right, you hit me like

You see things ain't always what they seem to be

And the reason I dream of thee is He's with me

And the reason I get through things so easily

Is by the grace of God cause he, see's the need to guide me

Walk right beside me

Because he knows what's goin on inside me, he tried me

Knew where my heart was at

Knew what I was thinkin

Knew when I was down and out, left there mistaken

Knew when to pick me up, cause it got too hard

Knew when I was gonna scream out "Please God!"

And you already knew that you would be there for me

That's why I bring you together to give you the glory

(Chorus)

(Verse 3)

Everyday of life is a new chapter

And it's already been foretold, so it's up to the soul to capture

The essence of it all, the meak shall inherit the earth

Destined to ride with the call from birth

The true worth of a man, is not measured by what he does for hiself but

What he does for someone else

And if you help another, without concern for (?)

What you give, you shall recieve to unfold

And I, put that on my soul

And, put that on my life

And, everything I own

And, everything I know

And, everything I show is what I was meant to do

Everything I told you is what I've been through
And everywhere I been, I was for a reason
Walk through the desert, ended up freezin
Start there, end up where?
And now they know...whatever which way they go

(Chorus)
Whatever which way they go (right and wrong)
Whatever which way they go (right and wrong)
Whatever which way they go (right and wrong)
Whatever which way they go (right and wrong)
Whatever which way they go (right and wrong)
Whatever which way they go (right and wrong)
Whatever which way they go (right and wrong)
Whatever which way they go
They know they gonna owe
They soul to the road they choose
It don't matter if you win or loose
You still gotta pay them dues
You still gotta pay them dues
You still gotta pay them dues
