

# Dodenbeck feat. Joanna, Please don't go

Here i go  
Some when around to regret  
Just try to forget  
Don't you know  
Days fall into in my mind  
I guess i'll be shine  
I'm only trying to remember  
Whatever we choose to forget  
But i am longing for your time  
Here i go  
Some when around to regret  
Just try to forget  
Don't you know  
Hmmm all those feelings apart  
Right there from the start  
I'm only trying to remember  
Whatever we choose to forget  
But there's a need inside of me  
Oh no ...  
Please don't go ...  
Please don't go ...  
Please don't go ...
