

Dog Eat Dog, Always The Same

Always the same and that's a shame.
The only change is the name of the game.
I know it sucks, cause times are tuff
and it's ruff but you gotta keep your head up.

What do you want?
I want a shot to follow my dreams, they're all I got.
What do you need?
I need a chance to go for it all cause I got plans.
What do you got?
I got nothing but fire burning inside for all I desire.
What do you see?
All I see is walls obstacles in my way they're gonna fall.
How do you feel?
It's all wrong but if it's not kill me I'm getting strong.
Where do you go?
On that I must decide exhibiting a sense of self.
What is the deal?
Just playing with time, learning alot, trying to get mine.
What do you know?
I don't know why it hurts, but if it's really worth something it takes hard work.
