

# Dog Fashion Disco, Wait

She came from the wrong side of town  
She crossed the tracks and then she turned around  
Alone and restless  
Left without a choice  
She sought the comfort in a friendly voice  
To survive she sold herself away  
Every night and almost every day  
Alone and restless  
Left without a choice  
She sought the comfort in a friendly voice  
I said wait (x2)  
Said give love a chance  
The morning when you wake up  
The sun will dance  
She nearly lost herself along the way  
So full of anger in a world of hate  
She'd walk the streets at night all alone  
No one to turn to  
No place called home  
Our worlds collided one summer day  
I gave her hope and a place to stay  
Alone and restless  
Left without a choice  
She found the comfort in a friendly voice  
I said wait (x2)  
Said give love a chance  
The morning when you wake up  
The sun will dance (x2)  
I said wait, oh, and I'll return (x2)  
I said wait, oh, and I'll return (x4)  
She came from the wrong side of town  
And through the pain she turned her eyes around  
When everyone seemed to put her down  
She caught herself before she hit the ground  
Now so alive she once was dead  
She gathered strength and walked the road ahead  
Alone and restless  
Left without a choice  
She found the comfort in a friendly voice  
I said wait (x2)  
The morning when you wake up  
You'll find your romance  
I said wait (x2)  
The morning when you wake up  
The sun will dance
