

# Dogs, Wait

We talk about a lot of things  
We talk about all the things to come  
We talk about going to sleep, about waking up  
Now I've woken up

I never thought that it would hurt this much  
I never thought it would hurt this much  
No, but it did

We throw stones to the river bed  
We take turns saying all the things we said  
We got drunk on the beach  
You're out of reach, oh...

I never thought that it would hurt this much  
I never thought it would hurt this much  
No, but it did

(Chorus)  
Oh, wait don't leave me  
I don't want to watch you go  
No I don't want to watch you go  
And what you never love you never know  
x2

We were in the basement  
Staring up at the stars above us  
You're out of place in there  
You know I know, so why am I to blame?

I never thought that it would hurt this much  
I never thought it would hurt this much  
No

So I took her on the train  
And I took her on a bus stop  
And I took her on an aeroplane  
We were thieves, friends then lovers and so much more  
And I never thought that it would hurt this much  
But it did

(Chorus)  
D'you know I don't want to watch you go?  
Oh no, I don't want to watch you...

Now that's done

I never thought that it would hurt this much  
Never thought that it would hurt this much x3  
I never thought it would hurt this much, no noooo  
But it did, ooooooh but it did, oh ooooh ooooooh...

(Chorus)
