

# Dogwood, Challenger

We've got a problem  
That starts and ends with you  
That starts and ends with me  
In hopes for all redemption

Redeem a purpose  
Receive me skeptical  
Wishful, repentful  
Just to sway your independence

Just to feel OK now and for all  
I'm bringing you down  
I'm letting you know I care  
I'm letting you know I'm there
