## Dogwood, Lonley Road

I left your arms, no turning back. I chose this lonely, lonely road.

I'm on my way.

I don't need you. A self sufficient superstar.

I'm losing faith.

How I miss home.

This life is costing me my own.

What can I do?

Where can I run?

The world against me soon I'm...

Down in my heart's where I hide you.

Yet where I go is where I find you.

I'll never be ashamed of you.

I'm sorry I've forsaken you.

Easy to see, I need your will to carry me.

There's not a thing that

I can do.

Realization I let You...

Down in my heart's where I hide you.

Yet where I go is where I find you.

I'll never be ashamed of you.

I'm sorry I've forsaken you.

I'm in your arms, came running back.

I left the lonely, lonely road. Whoa oh oh ho oh ho
