

# Dogwood, Reasoner

But there's something else there  
It's in all our hearts...  
On the tip of our tongues  
And you don't believe

But what if there is?  
What if you're wrong?  
And what if you're wrong?  
They don't understand

{Oh-oH-oh}  
It's like you got framed  
{Oh-oH-oh}  
People are dumb  
{Oh-oH-oh-ooH}  
You take all the blame

You're all that I need  
You're all that I have  
You're all that I want  
Want... want... want
