

Dogwood, We Cry Victory

Arise all the warriors
A battle we must win
Be shielded in his glory
Let the fighting begin

Put on the holy armor
It's time to take control
Come along with me to fight
For the lost souls

Atop the hills we cry
"Victory is ours"
We're never turning back
To our lifestyles of worthless sin

{Worthless sin!}

Hear our prayers
We pour our hearts to you
Oh, Lord
As we, we cry victory!

March along in valor and shout this battle hymn
We're armored and we're ready to put satan to an end
With God's word as a sword there's nothing you can do
Allow him to command you and see what happens too

Atop the hills we cry
"Victory is ours"
We're never turning back
To our lifestyles of worthless sin

{Worthless sin!}

Hear our prayers
We pour our hearts to you
Oh, Lord
As we, we cry victory!

Power of his love
Strength from up above
Feel the brunt of our attack
Because our past is never coming back
