

# Dokken, Live To Rock

(lynch, crouchier, dokken)

Run out of breath  
And I feel I'm moving too slow  
Backwards and forwards  
I don't know which way I should go

There's a solution  
To make all your feelings alright  
The music's here waiting  
So come on and get it tonight

Live to rock  
Rock to live  
It's all you got when  
You're down on the skids  
Live to rock  
Rock to live  
One way or another  
Survive until the end

Over and under  
I'm feeling the thunder take hold  
Feeling it flow through my veins  
Rock will never get old

There's a solution

To make all your feelings alright  
The music's here waiting  
So come on and get it tonight

Live to rock  
Rock to live  
It's all you got when  
You're down on the skids  
Live to rock  
Rock to live  
One way or another  
Survive until the end

Live to rock  
Rock to live  
It's all you got when  
You're down on the skids, yeah  
Live to rock  
Rock to live  
One way or another  
Survive until the end  
Live to rock  
Rock to live  
Til the end  
Til the end  
Til the end  
Live to rock  
Rock to live
