

Dolls Stage, Still In Love

New York city, and I'm out with the boys,
on fortysecond street makin' some noise
Another weekend and my baby's away
temptations drivin' me insane
Ain't makin' no promises I can't keep
I've got a lady back home
and she's waitin' there for me
I'm in love, still in love
oh-oh-oh
I'm in love, still in love
oh-oh-oh
Ain't makin' claims about being a saint
human nature just tells me I ain't
The thought of you'll make a blind man see
hey little girl, look what you're doin' to me
doin' to me
Ain't makin' no promises I can't keep
'cause I've got a lady back home
and she's waiting there for me
I'm in love, still in love
oh-oh-oh
I'm in love, still in love
oh-oh-oh
In love, still in love
oh-oh-oh
Ain't makin' no promises I can't keep
I've got a lady back home
waitin' there for me, Ah
I'm in love, still in love
oh-oh-oh
I'm in love, still in love
oh-oh-oh
