

# Dolly Parton, A Good Understanding

When we married we agreed that we'd both do as we please  
Just as long as we done each other right  
Through the years our love has grown now our love is twice as strong  
Cause we've got a good understanding  
Yes we've got a good understanding and a love that has never been demanding  
We both love each other so and that's all we need to know  
Cause we've got a good understanding

It's been your unselfish love that has always helped me up  
When temptation reached out its hand to see  
And when I could have gone wrong I would think of you at home  
And I'd think about our good understanding  
Yes we've got a good understanding...
