

Dolly Parton, Bubbling Over

You're the one that puts the sparkle in my eyes
You're the one that puts the laughter in my smile
You're the one that puts the meaning in my life
And I'm bubblin' over, bubblin' over, bubblin' over
Because you are mine
Bubblin' over with the joy that only love can bring
Bubblin' over with the song you taught my heart to sing

And I'm so happy lovin' you that anyone can see
That I'm bubblin' over, bubblin' over, bubblin' over
Because you love me

I have never known a love that felt like this
You're the one I want to share my lovin' with
Your gentle way of lovin' me and your thoughtfulness
Keeps me bubblin' over, bubblin' over, bubblin' over with happiness

Bubblin' over with the joy that only love can bring
Bubblin' over with the song you taught my heart to sing
And I'm so happy lovin' you that anyone could see
That I'm bubblin' over, bubblin' over, bubblin' over
Because you love me

Yes, I'm bubblin' over, I'm bubblin' over, I'm bubblin' over
'Cause you love me
