

# Dolly Parton, I Don't Trust Me Around You

(B. Owens)

You're standing much too close to me again  
I'd never once touched you  
But in my mind I've already sinned  
You're making it hard for me to be true  
I don't trust me around you

Seems like every place I go I see you there  
I can't keep my eyes off you  
I just stand and stare  
You tempt me more than anyone I ever knew

I don't trust me around you

I don't trust me around you  
I belong to someone else  
Not once have I been untrue  
But when I'm close to you this way I find myself wanting to

I don't trust me around you
