

# Dolly Parton, The Only Way Out (Is To Walk Over Me)

The only way out  
Is to walk over me  
So you found someone else  
And you're going to leave  
Did she tell you  
I don't love you?  
Did you really believe?

On the floor, by the door  
I'll be down on me knees

[Chorus:]  
Cause the only way out  
Is to walk over me

You don't hear and you don't feel  
But i know you can see  
And just to prove that i love you,  
I'll crawl at your feet

Just look down, at the ground  
Where your footprints will be

[Chorus]

[Bridge:]  
You have put me  
Just as low  
As anyone ought to go  
But i'll lay down beside  
What's left of my pride  
If you go, then you'll  
Know, cause you can't help  
But see that  
The only way out is to walk  
Over me

[Bridge]

Yes the only way out  
Is to walk over me
