

# Dolores Keane, Nothing To Show

I've been too long away from your lovin'  
Too long with my back to the wall  
I've been to some far away places  
With nothing to show for it all.

I've been to their sights and show cases  
I've been through their strong city halls  
Men with black suits and no faces  
And nothing to show for it all

chorus

I've been too long away from this country  
Too long not heeding your call  
Now I'm home like some war weary soldier  
With nothing to show for it all

I've taken the jibe jester  
I've laughed at the joke through it all  
He said get back to the place where you came from  
You've got nothing to give after all  
chorus repeat x2

Breath easy there's someone there waiting  
Someone who cares after all
