## Dolores O'Riordan, Delilah

Shout shout Delilah

Shout shout at the top of your lungs

Shout shout Delilah

Shout shout until the kingdom comes

Stay away from me

Just stay away from my house

Stay away from me

Stay away or I'll sort you out

Shout shout Delilah

Shout shout shout 'till the kingdom comes

Treading on my dreams

Stop treading on my dreams x2

Out out out Delilah

Out out out stay out of my place

Out out out Delilah

Out out out or I'll rearrange your face

He'll never really be

He'll never be your lover

He'll never really be

He'll never really be your lover

So stay away from me

Just stay away from my house

Stay away from me

Just stay away or I'll sort you out

Shout shout Delilah

Shout shout 'till the kingdom comes

Treading on my dreams

Stop treading on my dreams x2
