

Dominic Fike, Think Fast (Weezer)

Oh, oh, oh, oh

Oh, oh, oh, oh

I'm born, I cry, I sing, I leave

This place, this place was bad for me

What's worse, what stings, I saw her in

The garden with the snakes, she said

Think fast, you only get one try

Sleep tight, I wanna get sunshine

Wake up, you know we got things to see

She talks and nothing makes sense to me

If it's not a puzzle, it must be nonsense

If it's not a puzzle, then what's she talking about?

I will find out, I will

Wake up, find out, I will

Think fast, you only get one try

Sleep tight, I wanna get sunshine

Wake up, you know we got things to see

Cheap talks and nothing makes sense to me

She said two's our odd number, if you is involved, I laugh

Louis C.K. scumbag, Louis Vuitton

I think life is a game, I'm just playing along

I had something to say then forgot what it was

Back then I grew up next to you, all insecure

If you knew what I was in for, I wouldn't be standing with you

Back then, you knew what you was doing

How could you act like everything could be simple?

Everything could be (yeah)

I wrote rules the wrong ways, had blues and wrong days

Had clues to dead ends, I'd lose them lost faith

I bruised up my face, she kissed, they go away

My wrist, I made work, I kept my pay first, like (cool)

I hold my head, she sings to me

I grow, forget her in my work

Those times we shared, they're yours alone

And when I'm dead, we'll all go home

They'll cry, they'll see, they'll leave this place

This place to me was everything

What hurts, what stings, I saw her in

The garden with her friends, she said

I will find out, I will

Wake up, find out, I will

Think fast, you only get one try

Sleep tight, I wanna get sunshine

Wake up, you know we got things to see

Cheap talks and nothing makes sense to me
